Subject: Downtown Transportation Plan -- info request -- follow-up from 1/17 workshop
Date: Wednesday, February 5, 2020 10:20:42 AM

Hi Zak,

I understand that you mentioned the Downtown Wayfinding Plan in the 1/17 workshop that we had for the Downtown Transportation Plan (DTP) (a workshop that I, sadly, had to miss because of a big memo writing deadline).

Could you share with me what you think would be the most relevant documents for our existing conditions work. From Lori's notes, I see that you or others from PRNS seem to have referenced the efforts below. I think all of these are PRNS, except for perhaps the "Age Friendly Plan." I am not personally familiar with that effort and don't know if it is related to parks or something else.

- Greentprint (2009), ActivateSJ (2019) - PRNS
- Paseo Use Guidelines
 - Were approved by City Manager, not Council
- "Age Friendly" plan
 - mobility for seniors
- St. James Park EIR
- Cesar Chavez Park Conceptual Plan (Nicole @PRNS, Blage Zelalich @OED)
- Guadalupe River Park Master Plan

Would you possibly be able to share this information with me by COB Monday, 2/10?

Thanks in advance for your help and let me know if you have any questions. I am rarely at my desk, so my cell is the best number at which to reach me.

Best,

ERIC EIDLIN, AICP

Subject: Downtown: Establishing baseline of Public Life + Ongoing Plans (zoom info added)

When: Friday, January 17, 2020 2:30 PM-4:00 PM (UTC-08:00) Pacific Time (US & Canada).

Where: 1734

We are working with Fehr & Peers to kick off the Downtown Transportation Plan process, and an initial task is to compile the findings from past planning and engagement work and to identify ongoing efforts and projects. The team will build upon and complement this work to start identifying potential projects and programs for improving Downtown's transportation system. A fundamental principle for the DTP is centering public life to ensure that the transportation system supports the places, programs, and people that make San Jose great! We have organized this workshop to gather your perspectives and knowledge about Downtown with this goal in mind.

Please bring any relevant materials, and let Eric, Ramses, or me know if you have any questions.

Topics:

- Public life assets and areas of concern
- Adopted plans
- Ongoing plans
- Active development projects
- Engagement findings from 2018-19
