Hi Hilary,

I just responded to Karl on the shade and shadow question. I had to go back and look at the analysis and rationale for the Downtown Strategy 2000 EIR, as the shade and shadow threshold was carried over from that EIR.

Shannon e-mailed the Preliminary DSAP project description to the team on Thursday. Did nobody receive it? I will re-forward.

BTW, Shannon is out sick today.

Congratulations to Pete on his new baby! I am noticing a trend with this project.

Thank you,

[External Email]

Hi Shannon,

I know Karl has an outstanding question into you about shadow, and I wanted to pile on with a few more quick things.

Outstanding Items for Today:

- Shadow question (Karl emailed earlier today)
- We are still waiting to receive the DSAP update project description that you shared with Circlepoint. We want to put a summary in our discussion of cumulative projects.
- I think/hope Linda has confirmed her attendance at Thursday's 9AM meeting to discuss the administrative record. Our colleague and expert Karen Lancelle will join as well.

Also, Pete and his wife just had a baby (five weeks early!), so he is going to be out for a while. Please continue to copy our entire PM team (copied here) on all communications, and let us know if you have Q!

Hillary
