I am a nearby resident of the proposed Google Diridon station project and I am trying to figure out how to be notified of future community meetings surrounding the Google Diridon Station project. I live just on the other side of Hwy 280 off Bird Ave. Your web site mentioned this web page (www.diridonsj.org) to visit for additional information, but it is not currently working.

Back in August, I read an article (see link below) where Google presented their plan to the SAAG mtg for the area around Diridon station in San Jose.

Then on August 24, 2019 Google held a community meeting for nearby residents, which would have been good to attend, but had never heard about it.

It has been more difficult than I anticipated to get information about how to be informed about this project. I would think that they are required to notify nearby residents within say a 3-5 mile radius of their project. Who can I speak to about how to get information, get a list, web site to visit, contact for Google rep Alex Arena?

I look forward to some assistance.

Thank you,
Michelle
