Usha,  
Thank you for the call last week.

I'm sharing our 90% design plans via this link: <https://we.tl/t-EfnL1qPV3N>

The Los Gatos Creek Trail alignment follows what was planned for the 2008 Los Gatos Creek Trail Master Plan. <https://www.sanjoseca.gov/home/showdocument?id=20633>

We engaged with SCVWD staff in preparing that master plan. It was an oversight on my part to not have included the District in prior plan reviews.

I hope that you'll see we have carefully followed the master planned alignment.

Once you have reviewed, I would like to schedule time with you and team members so we can have a conversation with a downtown developer that may have an interest in advancing construction per the plan.

Thank you  
Yves
