Hi Shannon,

It is my understanding from Robert's direction and I am to handle the development review side of our historic preservation program and am taking over those duties.

I am happy to attend related meetings any time.

Also, if Dana will be taking over this effort, I'll forward her the invitation for tomorrow's meeting to discuss historic comments on the Downtown West Design Standards & Guidelines (DWDSG) for the Downtown West (Google) project, so she can be introduced to the applicant team and so she is kept in the loop on this effort.

Thanks again,  
Shannon

Hi Juliet and Dana,

Now that Dana will be working on development review, who will be responsible for the Google and DSAP Amendment project review?

I realize there is a lot to get up to speed on for these two on-going projects, so I just wanted to check in on how the team should be handling future coordination efforts.

Thanks!
