Hello Mr. Staedler – I wanted to follow up with you regarding your letter to City Manager Sykes and also regarding your meeting with our Planning team on June 4. We certainly understand and welcome the DANG’s interest in the DSAP amendment and the Google Mixed-Use Development Project as they are by far the largest, most transformative planning and development proposals in the City. Equally if not more importantly, these projects impact the DANG at the neighborhood level. As the Director of Planning, Building & Code Enforcement, I would like the opportunity to meet with the DANG to build a working relationship that we can grow over the long term, as the build out of the Google project and DSAP will occur in multiple phases in many years to come.

Please let me know if you’d be interested in scheduling a Zoom call; I’d be glad to get something scheduled soon.

Best regards,
Rosalynn
