Hi,

I wanted to give you a heads up that I am planning to go to Rules next Wednesday to confirm Thursday, September 24 as the date for the Diridon/Google Study Session.

The Study Session will provide a progress update on three topics:

- Amending the Diridon Station Area Plan
- Development Review of the Google Mixed-Use Project
- Negotiating the Development Agreement, including Community Benefits.

My Memo includes the revised schedule (see below), reflecting the delay due to COVID.

Nanci and I would be happy to set at time to answer any questions you have about where we're at with these projects in August/September before the Study Session. (My new assistant is Mike Jones, cc:d above.)

Also, we have an item on the August 11 Council Agenda to add to and extend our financial advisor contract (with HRA)—the work has been more time-intensive than previously anticipated and the project duration has been extended.

Take care,

Kim
