Subject: Agenda for today- ACCC parking/TDM engagement

Good afternoon,

Thank you for joining this afternoon to discuss the timeline and engagement strategy for the American Cities Climate Challenge parking and transportation demand management work in relation to Downtown West and DSAP.

Following up on our discussion during CED/CSA several weeks ago, the desired outcome of the meeting is to:

- Define the balance between Diridon Station area/Downtown West and public commitments made through the American City Climate Challenge
- Clarify timing of major projects and associated code changes
 - DSAP/Downtown West
 - ACCC Parking/TDM Citywide Update
 - Berryessa Bart Urban Village
- Clarify the timing of related community and stakeholder engagement efforts

Thank you in advance for your time.
Emily Breslin
