Thank you! It makes sense to put the whole 6 pages online ... as we agreed, as an ad, it's not very public friendly. Probably serves litigation issues more than public information interests.

Hi Cheryl,

In follow up to our conversation, I searched for examples online of public notice provided for other projects with AB 900 applications. Here are a couple example postings for your reference:

Hi Shannon – Rosalynn mentioned to me that you'll be sending an ad to the Mercury News per publicity requirements of Gov. Newsom approving the project for expediting under CEQA.

Can you please send me the ad so I can understand what it says? Also, what are the running dates of the ad, and what did it cost (I'm curious).

Thank you,  
Cheryl
