Subject: Form Submission - New Form

Name: Ann Chambers

Email: [REDACTED]

Message: I am a member of the Board of Directors of ACT for Mental Health, an agency that has served downtown San Jose for over 56 years. We are concerned about how the changes downtown will affect the community we serve - predominately lower income residents.

The city is our partner, providing office space. Recently, we have been given access to additional space, which we would like to use for community meetings and services. We would be very interested in learning what your assessment of need is for the downtown community, and how we can work together to help implement a small portion of the plan.
