Hi Lori,

I confirmed with PD there will be uniformed officers and I will have at least one security officer present, working on a second but we are short-staffed so I'll do my best to get two staff there.

In regards to putting rope and stanchions outside of W-120 lobby, can you please contact Event Services at 535-1248 for this request since it would need to be added to the meeting reservation in EMS if approved. The lobby area directly outside of W-120 is kind of tricky as there is not a lot of room there but more importantly, we need to keep a free and clear pathway for people to exit the rooms.

Perhaps Event Services will have some suggestions on how to best keep the (4) glass doors clear from protesters standing directly in front of the doors and impeding traffic of meeting attendees.

Please let me know of any updates to the event set-up so we are all on the same page.

Thank you,

**Lori Arellano**

**Subject:** RE: Nov 7 meeting

Hi Lori,

Just following up on the email below, to make sure we're set for security this Thursday. Copying Thai and Shannon, who are leading the meeting (I won't be there).

For the last SAAG meeting, we had talked about putting up stanchions outside the room to ensure that the exits are kept clear, in anticipation of a large crowd. A large crowd is possible for this

Thursday too, and this may be a good idea.

Thanks!

Lori S

**Subject:** Nov 7 meeting

Hi Lori,

I wanted to flag the November 7 Google EIR meeting in the Wing Rooms at 7:00 PM. Given the topic, there could be protests, and want to make sure there is adequate security coverage. Let's chat when you get a chance (perhaps sometime tomorrow? You can call my cell [REDACTED] if that works for you).

Thanks!

Lori
