Date: Thursday, December 19, 2019 5:20:09 PM

Hi Toni,

The notice will have to be signed and sent for publication after the Governor certifies the project. Since we don't know when that will be, we can't send it out proactively for publication. If you can send us the contact at the Mercury News, and copy my teammates (coped above), when we can take care of sending the publication directly if the Governor certifies the project December 26 or earlier.

Thank you!

David Keyon

Do you need to publish in Mercury News or can it be post record?

I understand you can't publish until after the project is certified, but can you prepare the notice? We can send it on the 23rd to be published in January.

We can get you the Mercury News contact if that's where it has to publish.

Hi Toni,

This is in relation to the Google Project and certification of the project by the Governor pursuant to AB 900. We won't be able to publish until after the Governor certifies the project, which is expected to occur sometime before December 31. We then have ten days to publish a notice in the Mercury News.

Is there a contact person at the Mercury News we can send the notice to over furlough?

Thanks,

David Keyon

No one will be here on those dates. Do you have the language now? We can send it before 12/26 to schedule for January (I just scheduled mine for mid January).

Subject: Procedure for sending publications for notice during Holiday Furlough

Hi,

We may have a project that will need to be noticed in the Mercury News in early January. Because the Mercury News requests at least a one-week lead time for publication, we may need to send the notice for publication around 12/26 or 12/27. Who should we send the notice to? Is there somebody that we can send the notice to at the Mercury News?

Thanks,

David Keyon
