---

No major differences except that the first option has a side bar. I think the first option would be best because it is consistent with the City's website.

Thanks,

**David Keyon**

**Subject:** AB 900 Website Format

Hi there,

Last week, ESA sent three options for the format of the publicly accessible website and requested the City's input. Linda followed up today requesting input. Johnny said he doesn't have a preference on the format, so it's up to us. I took a look and just had one question on the first option.

I think the first option the best, but I really don't have a preference. Please let me know if you have a preference or have any additional comments on the attached mockup. Once I hear back from you, I can respond to ESA.

Thanks!
