Hi Shannon,

Good to know the question came from our group discussion with the applicant, John has referred me to you to see if there are any complications from a CEQA standpoint. It doesn't seem to have an effect from your end.

Thank you,

Hi James,

For CEQA, the only meeting required is for the Notice of Preparation (NOP). I'm not aware of the recommendation or requirement to have a community meeting to occur before the end of the 45 Day public review period of the EIR. I would ask John, but I'm curious to know what he says. I assumed the community meetings we had early on for the project were sufficient, but considering project changes, it may be good to have another community meeting.

Was this a question from the applicant? I'm wondering why this question came up.

Thanks!

Hi Shannon,

Are community meetings required to occur before the end of a 45 Day period of the EIR or is it just recommended?

Thanks,

James Han
