Subject: Schedule for DW Draft EIR Circulation

Hi Robert and Rosalynn,

After discussions this morning with ESA and the applicant, we are targeting a Draft EIR publication date of 10/7. This would be a 45-day public circulation of 10/7 - 11/23 (extended by 2 days since the 45 day circulation ends on a Saturday).

Circulating on 10/7 gives staff and the consultant more time to coordinate and complete all the tasks needed to circulate the Draft EIR and notify the public.

Thank you,
