Hi Shannon,

Are you able to share an estimated # of people per residential unit for the development referred to as the Google Project? If not, I am planning to base population and water demand on the 2019 population estimates from CA Dept. of Finance, which assumes 3.2 people per residential unit.

Best Regards,
Jake

Dear Mr. Tuttle,

Please refer to the attached WSA request and Notice of Preparation (NOP) of an Environmental Impact Report (EIR) for the Downtown West Mixed-Use Plan. The letter provides detailed requirements for the WSA, should a WSA be required for the proposed project.

Thanks in advance for your assistance.

Sincerely,

Shannon Hill, Planner
