Hello folks,

Per Google's request, the meeting today from 2-3pm has been rescheduled to Thurs 11-12noon. Additional time was requested for the NN team to be ready by then to share their SAP egress simulation results. The Google team will have finished reviewing all the city's comments on the Mobility chapter.

Sorry for any inconvenience.

*Florin Lapustea, P.E.*

[External Email]

Apologies for the delay Florin! Tuesday 2-3pm works for us.

We'll also come prepared with any add'l questions or clarifications needed on the city's comments on our end. NN is also prepared to speak to SAP egress, as we discussed that's a helpful start when discussing the ROW design.

Thanks!

Hi Marla,

Thanks again for reaching out via phone yesterday to discuss next steps for the city's review of the draft DWDSG. Per the city's comments on the mobility chapter that you should have received today, let's meet to identify the items from our comments that will need further detailed discussion (SAP egress operations, NN modeling, cross-section widths, protected intersection design, etc.) that will help the google team address comments.

The following times (outside of the typical Thurs city/google hours) would work for most people's calendar next week (June 8th-11th):

- Monday 4-5pm
- Tuesday 2-3pm
- Wed 4-5pm
- Thurs 10-11am

Let me know what works for the google team.

Thanks!

Thanks Manjit!

Any chance we could do 4-5 on 2nd? If not, tagging this on to Thursday's conversation works!

Can you also provide a bit more overview of the agenda? I'm wondering if this is also the time to chat a bit more about the modeling effort NN is currently undertaking?

Hi Marla,

We have conflicts today at 4:30 and tomorrow doesn't work as well. Please let me know if Tuesday, June 2<sup>nd</sup> 3:30 – 4:30 will work or we can tack it on to next Thursday's meeting.

Thanks!

Hi Manjit,

Apologies for the delay and thanks for follow up! I unfortunately have a conflict from 11-12pm today but we do have our call re. the DWDSG from 3-4:30pm today. Is this something we could tag on at 4:30pm?

If not, does anytime 12-2pm work tomorrow?

Looping in [+Bhavesh Parikh](#) [+Tyson Tano](#)

Thanks!

Hi Manjit,

I could meet at 11:30am tomorrow, if that works on your end. We have a companywide webinar that I need to attend until then.

**Subject:** Follow Up From Call Yesterday

Hi Marla and Franziska,

I would like to schedule a follow up from yesterday's meeting to discuss what is needed to better determine future improvements/dedications that may be required with focused LTAs. At this point we wouldn't be able to provide much info short of having defined site programming, volume data and anticipated curb cuts locations.

Please let me know if you are available tomorrow from 11-noon to discuss.

Thanks,
