Hi All,

The 4<sup>th</sup> Draft EIR is schedule to be submitted to the City on 7/17, and consolidated comments will be due by COB on 7/29.

After receiving and downloading the document, I will be posting sections for review on OneDrive, as was done for ADEIR3. That seemed to work well for most, and most team members will be working remotely, so that is the best option under these circumstances.

Please let me know if I have left anyone off this email that will be reviewing the document. However, to simplify the process, please limit the number of reviewers to the minimum necessary.

This notice is being provided so you can ensure your respective teams have time and capacity to meet this quick turnaround time.

Thanks!
