Hi Manjit,

Please refer to Josephine's question below (highlighted in yellow). Are you able to provide additional information about implementation and enforcement of TDM program non-SOV targets at this time?

Thanks!

Subject: Google Project Non-SOV Targets

[External Email]

Hi Shannon,

It was great speaking to you back in November about the Google Project EIR. We wanted to follow up on a question that came up recently.

The TDM Program includes non-SOV targets of 50% for office, with an increase to 60% following Caltrain electrification and 65% following BART service. Can you explain how this will be implemented and enforced?

Thanks,
Josephine

Josephine Fong
