Michelle,

I do not have a definitive start dates, if the is approved would be a long-term project. However, there is some information on the phasing in the draft Environmental Impact Report <https://www.sanjoseca.gov/Home/ShowDocument?id=65361> page 192 of the PDF that you may be able to use.

Best,
Tong (John) Tu

Subject: Downtown West Development Timeline

Good Morning

I lead the Plan Check program for Integrated Waste Management, and we are calculating projections for future increases in commercial solid waste tonnages as there are a lot of commercial and mixed-use projects in development right now. It would be helpful to know if there are anticipated "start dates" for the downtown west project. What date(s) might the project be built and operational? Will it open in phases? Just trying to get an idea.

Thank you!!
