Subject: Follow up regarding Google's Downtown West DEIR & DS&G Documents
Date: Wednesday, October 7, 2020 8:16:59 PM

[External Email]

Councilmember

Perez,

I

am following up on last week's meeting regarding the City releasing for public comment the Downtown West Draft Environmental Impact Report and Design Standards & Guidelines documents. The documents are now posted on the

[City of San José - Planning Division](#) website.

Since

the documents are each hundreds of pages, the City created a [project update and process video](#), and

Google created a [Design Standards & Guidelines overview video](#).

In

addition to the Google video, we're also inviting the public to view and share feedback on a series of new illustrations (see Water Company Building rendering below). Our survey asks:

"In looking at these images, what kinds of experiences and activities would you like to see for you and your family? If interested, please feel free to share the

[engagement exercise](#) with your constituents.

As

always, happy to connect anytime.

Best

regards,

Javier

An artist's conception of a public, open space along West Santa Clara, around the historic San Jose Water Company building, focused on interactive and immersive learning.
