Thank you, Ricardo.

Christina,

Please let me know if they worked for you. Thanks for flagging and apologies for any inconvenience.

Happy to connect anytime.

Best,  
Javier

Hi,  
I pulled the latest City video link from the [City's projects of high interest website](#).

- Watch [City Staff's video](#) on how we review the project to align with policies and laws;
- Watch [Google's video](#) on the proposed project;

/Ricardo

Hi Christina,

Thanks for flagging. Looks like the first link (project update and process video) is the one that is no longer working. I am looping in [+Ricardo Benavidez](#) to see if he can help look into this issue and do any troubleshooting.

Javier

Hi Javier,

The project video and timeline is inaccessible. Is there another link?

**Subject:** Follow up regarding Google's Downtown West DEIR & DS&G Documents

[External Email]

Councilmember Peralez,

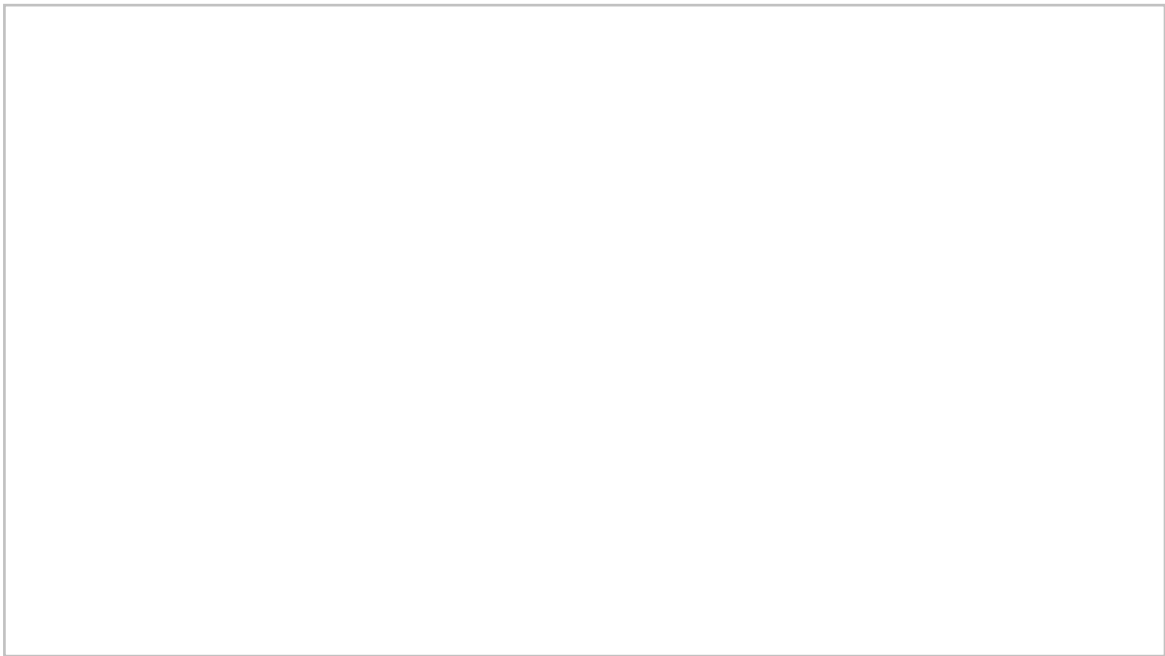

I am following up on last week's meeting regarding the City releasing for public comment the Downtown West Draft Environmental Impact Report and Design Standards & Guidelines documents. The documents are now posted on the [City of San José - Planning Division](#) website.

Since the documents are each hundreds of pages, the City created a [project update and process video](#), and Google created a [Design Standards & Guidelines overview video](#).

In addition to the Google video, we're also inviting the public to view and share feedback on a series of new illustrations (see Water Company Building rendering below). Our survey asks: "In looking at these images, what kinds of experiences and activities would you like to see for you and your family? If interested, please feel free to share the [engagement exercise](#) with your constituents.

As always, happy to connect anytime.

Best regards,  
Javier
