Shannon: If you and Eric can simply provide us with some information on the DISC-related topic, we can craft it into a more formal response. Even a series of short bulleted paragraphs would be great. We don't want you to have to go through all kinds of hoops—we just need enough background information from the City side to develop a response.

Does that work?

Thanks.

Subject: Master Response: Transportation Planning Coordination

Hi Karl,

I am coordinating with Eric Eidlin in DOT on the master response for DISC-related coordination. He has asked if there is a template and indicated that would be helpful in crafting the response.

Is there a template ESA would like the City to use for master responses?

Thanks!
