---

Hi Ann,

For the friend of CalTrain event on March 8th, the purpose is to respond to FAQs about the transportation plans - address concerns about congestion, parking, transit, etc.

Staff and outside experts will talk about how TDM programs/TDAs works and why we think it will be an effective approach for managing all the people movement overtime.

James Han

[External Email]

Hi, James. We understand City staff is giving a presentation to Caltrain and the topic is, "How will the transportation system work in DSA?" Do you have any info on what the presentation will cover? Lori asked to have a Google rep on hand at this meeting should there be a question that came up around Downtown West, so I wanted to provide some background to our rep.

Thanks. Ann
