Hi Partners,

Here is a draft flyer for the March 20th Community Meeting. **Please let me know if you have any suggestions or questions by tomorrow at 11.** I will then get it translated into Spanish and Vietnamese, posted online, and sent out through the outreach list.

This basic info is repeated on the event page: <https://www.diridonsj.org/general-events/community-meeting-spring2021>

Steve – if Trinity is available to facilitate one of the breakout rooms, we can add your name to the flyer and event page.

Oladotun – please confirm the March 4th event page: <https://www.diridonsj.org/general-events/aaca-info-session>

We need **all hands** help to get the word out about these events and the March 8th one ([How will a Car Light Diridon Area work?](#)) – hoping to get that email out tomorrow.

Thanks!
Lori

DIRIDON STATION AREA ENGAGEMENT

Join us at a Virtual Community Meeting to provide your feedback on the **Development Agreement for Google's Downtown West Project!**

The Development Agreement will include a Community Benefits Plan to address top priorities: affordable housing, anti-displacement, job training and education.

The document will be posted at www.diridonsj.org in advance of the March 15th Station Area Advisory Group (SAAG) meeting. There will also be an online feedback option, in addition to these two meetings. Staff will summarize all feedback received and share it with the Planning Commission and City Council for consideration.
