Dylan,

Can you upload this file and link it between Infrastructure Plan Sheet and Implementation Guide?

John, Dylan is in transit (driving) right now he might be back at his home computer workstation by 10:45-11:00ish. I'll have him reach out to you when he's ready to go.

Suggest you go ahead an email us the text and attachments or links to the docs so that all is in place. Dylan has become quite expert at doc uploads, so a noon deadline might still be feasible. Or by 1pm.

Cheryl or Dylan,

Do you two have time to upload and update Google webpage today? We would like to have it updated by noon if possible. We can provide the documents and text. Would 15 minute meeting at 10:30am, work for everyone?

Best,
Tong (John) Tu
