Subject: meeting with Alexa

Hi Marina,

Lori let me know that you're attempting to arrange a meeting for me and Lori with Alexa from Google early this week or next week. I'm going to be away from my computer quite a bit and I'm afraid that I'll miss the meeting if I miss the invitation if/when it comes out. Would you be able to call or text me if/when the meeting is scheduled for this week? My cell number is [REDACTED].

Thank you!
