Subject: SV@Home Letters RE: Downtown West and Diridon Station Area Plan Amendments

[External Email]

Dear Chair Caballero, Vice Chair Bonilla, and Commissioners Case, Garcia, Lardinois, Oliverio, and Torrens,

On behalf of Silicon Valley at Home and our members, we write today to provide our comments on the two interconnected Diridon Station redevelopment issues you will be addressing at your Commission Meeting tomorrow. We have split our comments into two letters: The first addressing Google's Downtown West proposal and the second addressing the Amendments to the Diridon Station Area Plan and the accompanying Affordable Housing Implementation Plan.

As a member of the Station Area Advisory Group (SAAG), SV@Home has been actively involved in all community engagement and policy development efforts around Diridon from the very beginning. We greatly appreciate the efforts of City Staff, especially the Housing and Planning Departments, as well as the commitments by Google to create a housing-rich vision for the Diridon Station Area, focus attention on affordability needs and displacement solutions, and (in Google's case) put forth a comprehensive project proposal that will catalyze much-needed residential development throughout the Station Area.

We strongly support the Planning Commission's approvals of the staff-recommended Development Agreement with Google, the Amendments to the Diridon Station Area Plan, and the Affordable Housing Implementation Plan.

SV@Home is looking forward to continuing to work closely with the City and the community to ensure that the overall housing and affordable housing goals are met.

Sincerely,

David

David Meyer
