[External Email]

Good morning Adriana,

Hope this message reaches you well. I wanted to follow up on this meeting request and voicemail message.

We'd welcome an opportunity to still connect with Councilmember Esparza on the development agreement and community benefits package.

Thank you,
Javier

Hi Councilmember Esparza,

Hope this message reaches you well. Great seeing you yesterday during the Silicon Valley Leadership Group Working Council meeting. It was really nice to hear about your work along the Monterey Corridor area, the County Hate Crimes Task Force, and the proposed projects for the County Fairgrounds.

My colleagues would welcome the opportunity to meet with you for 30 minutes to check-in and chat about the Downtown West Development Agreement and Community Benefits. Our understanding is that City staff plans on publishing a draft of the documents early next week. Might you have half-hour on Monday for a conversation?

Thank you for your time and consideration. Have a nice weekend and Happy Easter!

Best regards,
Javier
