Hi all,

One other thing, in response to your question regarding urgency – the Notice of Affidavit documents that you're aware that your property is included in the application / project boundary. We would ideally have that documentation before the Planning Commission (4/28), but it's really required before the City Council (anticipated for 5/25).

Does that help answer the urgency question?

Best,
Jess

Thanks so much, Sebastian!

+ Melissa Reggiardo, as I thought that she had the map. Regardless, I can make sure you have the detailed map.

Hi Jessica,

I know this an outstanding issue. We discussed briefly as a team today and think it would be helpful if the City could provide a couple of clarifications-

First, the team is a little hazy on the need and urgency for this request – there were a number of questions around this when we discussed internally. Second, if possible, we would like a more precise description or map of the specific property in question.

Aaron can follow up with you via phone to discuss while Brian is out.

We are still trying to get the DA meeting scheduled- a lot of busy folks in a lot of different firms / organizations.
