[External Email]

Kevin,

Here is a proposed agenda for this afternoon's Energy Working Group meeting:

1. Google-PG&E Interconnection Study Update
2. CSJ-PG&E SIS Update
3. Discuss physical space/configuration issues
 - a. Customer Substation and Switching Station
 - b. Station A interconnections and Impacts of/on intervening parcel
 - c. Cahill St. extension impacts on Station A
 - d. 115 kV Underground routing, funding responsibilities and process with PG&E
4. Joint CSJ/Google/PG&E Interconnection Study Meetings

Doug

Subject: Restore Energy Working Group Invitation

Hi Everyone,

I just noticed that the recurring meeting invitation for the Energy Working Group meetings on Wednesday afternoons expired and today's meeting was not on our calendars. I will send out a new meeting series to restore the meeting on your calendars, starting with a meeting today. Please forward this email and the new invitation to others as needed. I am sorry for any inconvenience.

For today's meeting, the agenda will primarily discuss the City's SIS Study being conducted by PG&E. The City team and PG&E are meeting today to go over the study plan and clarify several technical questions both teams have. There may be some infrastructure follow-up questions that the City has of Google and visa-versa. Plan your attendance accordingly.

Thank you.
