Subject: Lowing come housing close to Google Headquarters

[External Email]

I have noticed that on the maps the proposed low income housing to be placed near the new Google headquarters, is all located within a very small area. I live at Cahill Park as an owner, and live across the street from the low income housing built a year ago. The transition has been difficult with many more call responses from police, fire response teams, and ambulances. Theft of packages has gone up dramatically since it opened. Trash in the area has gone up, as well as cars double parked and parked illegally of people visiting those that live in the building. My concern is with so many more units going up within a several block radius, that area of town will become the new projects.

I realize there is a great need for low income housing, of which I approve of, so I would like to propose that managers live on site, and security round-the-clock be hired to help with all of the above mentioned problems. Additionally, there have been many more smokers that come outside to smoke. They end up crossing the street to Cahill Park since they have to be 25 feet away from a building. So they come to our building. smoking and trash both need to be thought of in the proposals.

Finally, there is no parking. I realize that everyone is supposed to take public transportation, but in reality that does not always happen. As it is my friends that come to visit have to park far away to see me. Many of them do not live close to public transportation.

Thank you for taking the time to listen to a long time, original Cahill Park owner.

Susan
