Hi Cheryl,

I mirrored the text on the Project page. However, after publishing the edits, I realized the addition is redundant, since we direct visitors to the project page for upcoming meetings. I'm OK with it being redundant, but let me know what you think. Refer to snip below with the requested information added:

Subject: Add May 25 hearing info to DSAP and GP EIR webpages?

Hi Shannon – at the Google Project and DSAP EIR webpages, would it be good to add the May 25 council hearing date? I'm not sure where on EIR webpages' information structure this fits in. May I leave this to you to incorporate, or I can do it if you want to tell me where on the page it fits in. It could simply be this statement on both pages:

The City Council hearing on this project and EIR is May 25, 2020, 4:00-9:00PM. For details please see, <https://www.diridonsj.org/general-events/cc-spring2021>

Thank you,
Cheryl
