Subject: VTM & PD Permit Resos

[External Email]

Johnny,

We have a few comments on the VTM and PD Permit Resolution.

- We will include the date of the VTM map in the updated document and will also reflect the updated name of the water control plant, which is Map Note No. 1. Please note that this will also impact the VTM itself, which we will need to update and resubmit before the 25th.
- We will be proposing a new condition for the VTM to address right of way occupancy fee for the microgrid. Garrett is working on the language and we will circulate as soon as possible.
- On the PD Permit, we have comments on the new conditions. We are conferring with the client and will follow-up as soon as possible.

We understand that these documents need to be finalized ASAP for posting and are working to get comments back to you as soon as we can. Thank you,

Michelle
