Subject: Re: Riparian issues for FAQ

Hi Cheryl,

It would be Shannon Hill and myself. The analysis was conducted as part of the EIR.

Thanks,

David Keyon

Subject: Re: Riparian issues for FAQ

Hi David, which staff would be our subject matter experts on the riparian issues for DTW? Your team? Elisabeth is working on FAQs and apparently has a question on restoration of the riparian corridor. Thanks!

Subject: Riparian issues for FAQ

Who is the subject expert? This part is a mess, and the other documents don't help.
