**Subject:** Development Agreement Release/Next SAAG Meeting will be March 22

Dear Mayor and Councilmembers,

The City and Google expect their Development Agreement for the Downtown West project to be released in the middle of March, before the next SAAG meeting, *which has been rescheduled from March 15 to March 22*. We are still on track for City Council consideration this Spring.

We just emailed the Station Area Advisory Group of the schedule change, and we want to make sure you are aware.

If media call with questions, below is the statement we suggest using. We are not pro-actively issuing an announcement of the SAAG date change. Feel free to refer media to Elisabeth Handler.

Please let me know if you have questions.

Kim

STATEMENT (for providing in response to a media query)

The City of San Jose and Google expect their Development Agreement for the Downtown West project to be released in the middle of March, before the next SAAG meeting that has been rescheduled to March 22. We are still on track for City Council consideration this Spring.
