Hi Jennifer,

Currently, there are no issues pending. However, we are still a few weeks out and anything can happen in those two weeks. But the Councilmember has been meeting and in constant communication with staff, residents and all interested parties. I would say it would be good to have San Jose State support from your own perspective, but also think about if there is value/added benefit for your campus, faculty and students. Of course you know all this.

Thanks for asking and reaching out.

Hi Christina,

We've been approached to write a letter of support for this item when it comes to council.

Before we do that, making sure you don't have any concerns or red flags?

Thanks!

Jen
