Subject: Support for Downtown West

[External Email]

Councilmember Davis,

I'm writing to express my **support for the Downtown West project**. This project does so much to enable the adoption of efficient transportation options like transit and bicycling, which make our city safer and greener. As a bicyclist (I bicycle with my 16-month old son) and proponent of public transit and ways to reduce greenhouse gas emissions/climate change impacts, I support this project for our city.

As a San Josean and a bicyclist, I respectfully urge you to vote in support for this project.

Thank you,

Alana Lowrie
