Rosa -

As an FYI, this was my response to Google's representative, which was sent through my hlc1 email account.

Jessica -

Good morning. To avoid the appearance of, or possibility of actually committing, a Brown Act violation through a serial meeting, I must decline your invitation.

The City Attorney's office has recommended that all of the Commissioners decline the same offer as well.

Hi Ed,

I work with Javier and Ricardo in support of Google's Downtown West project. As you know, the City released the Draft EIR and updated application for the Downtown West project on 10/7. We were pleased to see you were able to join the project's community meeting on 10/19 too.

The Google team is now looking forward to bringing the Downtown West mixed-use plan before the Historic Landmarks Commission next week. Please let us know if you would like to schedule a one-on-one pre-briefing on the project toward the latter end of this week, or perhaps early next week.

Warm Regards,
Jessica and the Downtown West Team
