Thank you, Egan. Do you have a few minutes today to discuss the street vacation issue?

Hi Garrett,

Please updated drafts of the Council Authorization, Encroachment Agreement (with insurance requirements) and Permit Checklist. These should be in near final form, subject to Google's review of the insurance provisions.

On another note, have you been able to confirm whether Google wants to proceed with the Streets & Highways vacation process? As we discussed with Ryan last week, the S&H process will raise a number of issues, but one that we didn't discuss was whether the County would accept for recording the Council vacation resolution. Per S&H 8325, the Clerk must certify the Council reso for recording. However, the current Vacation Reso does not contain the legal descriptions or maps that show the vacated area. Therefore, there will need to be a separate document prepared for recording, but I'm not sure whether the Clerk can certify that separate document as the Council resolution. We probably should discuss in more detail after you've had a chance to touch base with Google.

Just a reminder that I'll be out of the office starting Tuesday afternoon for the remainder of the week.

Thanks.

Thank you, Egan. We'll return a draft back to you with updated Google contact info for Section 22. Please let me know when you might be able to share the final Authorization so I can provide that to Google.

Thanks again.
