[External Email]

Hey Nathan,

Hope this email finds you well! I'm doing a listening/learning tour about the Google/Lendlease projects. Any chance you have time over the next few weeks to jump on a call and share some knowledge?

I'm hoping to ask things like:

What's your take on the process to date?

What do you know about the overall housing/job creation across all the projects?

How should/can HAC be plugging in?

Anything else I should know?

If you're available, [REDACTED]

Much thanks,
Corey
