RE: Diridon Station Area Update

Hello Community Members,

We are pleased to report back on the Fall 2020 round of Diridon Station Area outreach and announce two upcoming engagement opportunities hosted by the City's community partners.

Reporting back

Between September 2020 and January 2021, the City hosted or participated in over 20 public meetings and community engagement events – giving presentations,

listening to feedback, and answering questions about Google's Downtown West Project and the City's Draft Amended Diridon Station Area Plan (DSAP) and Draft Diridon Affordable Housing Implementation Plan (AHIP).

We also received over 200 online feedback forms during this time. We really appreciate the time and input from the many community members that participated!

Here is a [summary](#) of what we did and heard during the Fall 2020 round. The team is currently considering this feedback as they prepare to take the Downtown West Project, Amended DSAP, and Diridon AHIP through the public hearing process this spring.

Upcoming Engagement Opportunities

[Diridon Station Area & Google Project Information Session: Thursday, March 4, 6:00 PM](#)

The African American Community Service Agency (AACSA) invites you to this virtual discussion on the plans for the Diridon Station Area, including Google's proposed Downtown West project. The event will include a short informational presentation by City staff, followed by Q&A and a feedback session to hear from community members.

[How will a Car-light Diridon area work? Monday, March 8, 6:00 PM](#)

At this virtual event hosted by Friends of Caltrain, learn about the City of San Jose's plans and policies in the works, best practices from car-light/transit-rich hubs in other communities, and opportunities for transit to move more people seamlessly and conveniently in the Diridon area and beyond.

Please refer to <https://www.diridonsj.org/diridon-station-area-plan-google-project> for the latest info and email me at lori.severino@sanjoseca.gov with any questions.

Thanks!

Lori
Diridon Program Manager
