Dear Mayor Liccardo and City Council,

The Diridon Affordable Housing Implementation plan contains several recommendations to assist in meeting the demand for housing. However, there are other recommendations that the Housing Department is pushing forward without any outreach or feedback from housing providers like me - and we will be the ones impacted by it.

I strongly urge you to defer these plans until the Housing Department reaches out to housing providers. Deferral would still allow Google's campus proposal to advance. And it would demonstrate that no segment of our community is being overlooked as San Jose embarks on this plan.

John Niktas,

San Jose Property Owner
